

## life in the Spirit | **Romans 8**

### **Rebooting Your Mind**

Romans 8:1-9

April 23, 2023

**Introduction:** There are two ways to live. Not: good versus bad or easy versus hard. But: on your own or with the Holy Spirit. If you believe in Jesus, you've got the Holy Spirit within you. Which presents you with options: either you can go back to your old life or you can discover the fresh possibilities of a totally new life with the Holy Spirit. "I believe in the Holy Ghost". Maybe you've said it before. Now it's time to learn how to live it.

**Prayer:** Father, we look forward to experiencing life with Holy Spirit. Amen

**Read:** Romans 8:1-9

**Review:** What did you learn about the church as family from your study or the sermon from Dr. Vince Bantu last Sunday? Did you change your view in any way?

### **Discussion:**

1. How do you interpret the first two verses in your own life? Is there anything which holds you back from believing it?
2. What did God do to resolve the powerlessness of the law and what was the result?
3. What does verse 5 say about the habits of our lives?
4. What is the consequence of being controlled by the sinful nature? Is there a way out of this dilemma?
5. Why is it important to Paul that the Spirit of God lives within us, in our inner being?

**Application:** This week, acknowledge to yourself that the Holy Spirit is living within you, because of what Christ has done.

**Prayer:** Father, we simply thank you with our whole heart about the gift of life with the Spirit. Amen.
